## **weatherXchange Lists Wx Risk Global as a Regional Specialist Broker-Advisor for North America**

*July 2017, CHARLESTON, SC, USA*

weatherXchange<sup>®</sup>, the platform which helps companies access index-based weather risk protection and which provides post-trade valuation and settlement services, is pleased to announce its cooperation with Wx Risk Global. Wx Risk Global helps North American businesses including those involved in agriculture, construction, energy, and mining access weather risk protection.

“We are excited to add Wx Risk Global as a Broker-Advisor on the weatherXchange platform.” said David Whitehead, Co-CEO of weatherXchange. “The weatherXchange Platform helps Wx Risk Global service their clients by providing access to weather data and by making it easy to send automated pricing requests to Protection Sellers. Likewise, for hedgers that would like advice on a structure, they can contact regional specialists such as Wx Risk Global via the platform. This all falls in line with our strategy of improving market transparency and improving market efficiency. With the addition of new participants (Broker-Advisors, Protection Sellers...) we continue to establish weatherXchange as a hub of market activity.”

“Wx Risk Global has developed a highly effective formula for designing weather risk mitigation in any weather-sensitive industry to help our clients to generate a consistent return on investment.” says Rebecca Leonardi, a partner at Wx Risk Global. “We are excited to partner with weatherXchange as they provide a service which brings access to weather data necessary for these hedges, and access to multiple protection sellers allowing us to secure the best prices for our clients.”

### **About weatherXchange**

weatherXchange Limited is part of the Speedwell Weather group of companies which have been involved in the index-based weather risk market since its earliest days in 1999. weatherXchange<sup>®</sup> is an independent platform which provides free access to thousands of quality weather data sets worldwide and a user-friendly tool to simplify the design of weather protection contracts. weatherXchange links Hedgers, Broker-Advisors and Protection Sellers thereby helping businesses with weather risk to more easily access weather risk protection. The weatherXchange Platform also offers post-transaction services necessary to settle a transaction and to monitor the performance of a hedge.
